

## **Students reports 2014**

(all papers are downloadable)

### **Essential bibliography for “INEQUALITY AND GROWTH” (equity and efficiency)**

Barro (2008) Inequality and Growth Revisited, Asian Development Bank Working Paper Series on Regional Economic Integration, n. 11

Ostry, Berg, Tsangarides (2014), Redistribution, Inequality, and Growth, Imf Staff Discussion Note, sdn/14/02

Van der Weide , Milanovic (2014), Inequality Is Bad for Growth of the Poor (But Not for That of the Rich) , World Bank - Policy Research Working Paper 6963 (July)

### **Essential bibliography for “KUZNETS CURVE” (= determinants of inequality)**

***The following two papers for a general view of the empirical literature (explanatory variables):***

Barro (2008) Inequality and Growth Revisited, Asian Development Bank Working Paper Series on Regional Economic Integration, n. 11

Bhandari, R., Pradhan, G. & Upadhyay, M. (2010). Another Empirical Look at the Kuznets Curve, International Journal of Economic Sciences and Applied Research, vol. 3, no 2, pp. 7-19

***Another paper proposing an “N-shaped” curve (instead than an inverted-U):***

Guilera (2011), Extending the Kuznets Curve, Documents de Treball De la Facultat d'Economia i Empresa, Col.lecció d'Economia E11/257, Universitat de Barcelona

***For courageous people .... the following on the line of the Bhandari et al. paper:***

Lin, Huang, Weng (2006), A semi-parametric partially linear investigation of the Kuznets' hypothesis, Journal of Comparative Economics, vol 34 issue 3
